

BELGIUM Business v.11

FROM YOUR PC, QUICKLY AND EASILY FIND THE CONTACT DETAILS OF THE 900,000 COMPANIES, FREELANCERS AND INDEPENDENT BUSINESSES BASED IN BELGIUM IN A FEW SECONDS

What does Infobel Belgium Business offer you ?

This tool allows you to target your prospects by their business activities but you can also identify your target more precisely thanks to numerous other available criteria: telephone number, fax number (if available) NACE code, description of the activity, VAT number, district, town, postcode, address, turnover, legal structure, date of establishment, average headcount, name of the manager, ECB no. ...

Besides allowing searches by several criteria, this directory allows you to print or export certain information for you to create your address lists !

Functions :

Search :

Search on :

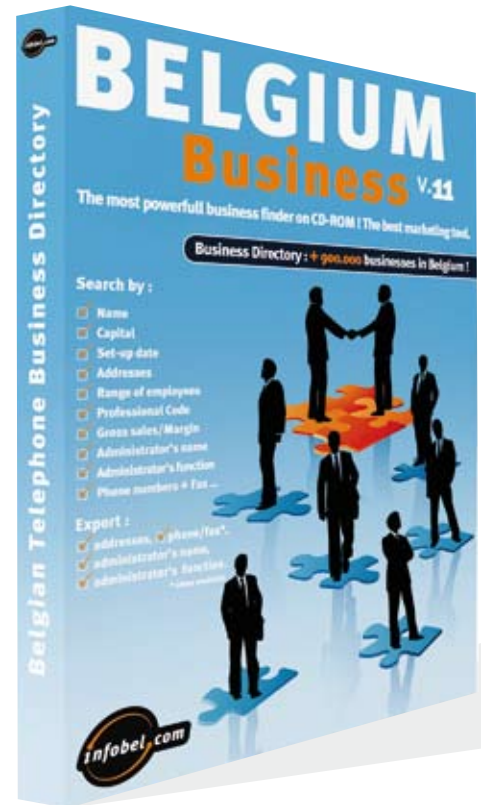

- name
- telephone no.
- address
- district
- postcode
- fax no.
- average headcount
- ECB number
- fax no. (if available)
- NACE code
- description of the activity
